

## Head of European Clinical Safety & Pharmacovigilance (m/f/d)

D010124045

### Stellenbeschreibung:

Our client is an innovative global healthcare company. With over 120 years of experience and more than 17,000 employees in over 20 countries, the company is dedicated to discovering, developing, and delivering new standards of care that enrich the quality of life around the world. In Europe, the company focuses on two areas: The goal of the Specialty Business is to protect people from cardiovascular disease, the leading cause of death in Europe, and help patients who suffer from it to enjoy every precious moment of life. In Oncology, the company strives to become a global pharma innovator with competitive advantage, creating novel therapies for people with cancer. The European headquarters are in Munich, Germany, and it has affiliates in 13 European countries and Canada.

We are seeking a highly committed and qualified candidate as the Head of European Clinical Safety & Pharmacovigilance (m/f/d) for the European headquarters in Munich, Germany.

#### Requirements:

We are looking for a physician (MD) with very strong knowledge in Pharmacovigilance, a passion for leadership, extensive experience in leading global teams and working effectively across cultures.

#### Key responsibilities:

As Vice President and one of the company's senior representatives, you will manage and further develop the European Clinical Safety & PV department in every respect, strengthen its contribution to the global group and, in particular, promote the further development of the team members.

#### Why to join:

The company, which deploys world-class science and technologies, offers you the opportunity to participate in a global environment characterized by the highest ethical standards in relation to patients, employees and society.
